SUMMARY

Senior retoucher with more than ten years in fashion and luxury for Inditex, Mango and Carolina Herrera. Now specialised in AI image production that keeps the product untouched and declares the AI.

KEY RESULTS

- Final round of a luxury maison pitch, test delivered in 2 days.
- Built HERA Skin Lab, a skin retouching engine: fidelity from 0.33 to 0.83 on a test bench.
- Every campaign format delivered within 48 hours of one approved master.
